

# Olivehurst Public Utility District

## Agenda Item Staff Report

**Meeting Date: August 15<sup>th</sup>, 2019**

### **Item description/summary:**

#### **Receive an update on the status of Park Grant applications**

As has been discussed at length in previous board meetings and committee meetings, I have been in the process of applying for grants to renovate the Olivehurst Community Park and to construct the Plumas Lake Community Park. The applications for these grants were turned in Friday, August 2<sup>nd</sup> to the OGALS office in Sacramento. Overall, I feel that the applications turned out well and are competitive. We should receive an update from OGALS in the beginning of 2020. I will provide any updates as I receive them.

### **Fiscal Analysis:**

No financial impact for Olivehurst Community Park Project. Possible impact for front end infrastructure (roads, etc) for Plumas Lake Community Park.

### **Sample Motion/Staff Recommendation:**

Discussion Item Only

Prepared by:

Christopher Oliver, Public Works Engineer
