ATTACHMENT 1 – RESOLUTION NO. 2272

OLIVEHURST PUBLIC UTILITY DISTRICT

RESOLUTION NO. 2272

**RESOLUTION OF THE BOARD OF DIRECTORS OF
OLIVEHURST PUBLIC UTILITY DISTRICT
ESTABLISHING REIMBURSEMENT FEES FOR OPUD PERMIT APPLICATION
REVIEW AND CONSULTATION
BY OPUD STAFF, LEGAL COUNSEL AND CONSULTING ENGINEERS**

WHEREAS, Olivehurst Public Utility District is a public utility district formed and existing in accordance with the provision of Division 7 of the Public Utilities Code of the State of California; and,

WHEREAS, the District desires to streamline the OPUD permit application and related fee collection, tracking and disposition process, which is separate and distinct from the deposit collection tracking and disposition related to major development as resolved in Resolution 2126; and,

WHEREAS, the District has previously established policy regarding charges associated with inspections, re-inspections and associated administration of dwelling construction activities. The District adopted Resolution 2080 in January 2005. The current environment of construction and the evolution of District policies since January 2005 make Resolution 2080 and outdated approach.

WHEREAS, the District's staff including the District Engineer, Operations Manager, Chief Plant Operator and Engineering Technician as well as legal counsel and engineering consultants, devote time and expertise to assist OPUD permit applicants in the review of proposed projects, preparation and/or review of engineering studies and plans, drafting, review, and revision of legal documentation, which services should not be funded from general funds of the District and which services do not benefit utility customers of the District; and,

WHEREAS, it is the policy of the Board of Directors of the District to charge those who benefit from the direct and indirect costs of the District attributable to OPUD staff consultation, legal counsel and consultation with OPUD consulting engineers, and costs of administration of accounts and related expenses associated with these actions; and,

WHEREAS, the Board of Directors of Olivehurst Public Utility District desires to establish a schedule of fees and charges by which special services required for OPUD staff review, consultation with OPUD legal counsel or consulting engineers and/or administration of accounts and related expenses associated with these actions.

NOW, THEREFORE, BE IT RESOLVED that the District shall levy charges against the entity requiring staff special services, legal counsel review and consulting engineer review in accordance with the schedule of charges described exhibit A.

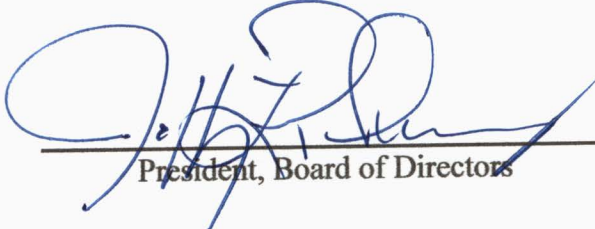

BE IT FURTHER RESOLVED that the schedule of rates and charges applicable to the foregoing described services represents the District's best estimate of the out-of-pocket costs incurred by the District on an average basis to provide said services, which costs shall be collected prior to services being rendered.

BE IT FURTHER RESOLVED that Exhibit "A" is subject to amendment from time to time by the Board of Directors of the District determines it is required.

BE IT FURTHER RESOLVED that Resolution 2080 is hereby repealed, and this Resolution shall supersede the requirements and policies formerly implemented with Resolution 2080.

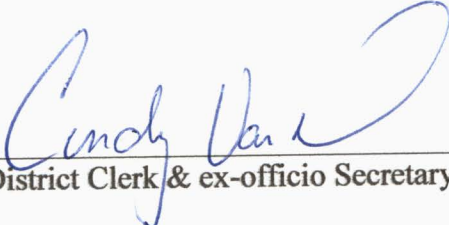

PASSED AND ADOPTED THIS 17th DAY OF October 2013.

OLIVEHURST PUBLIC UTILITY DISTRICT

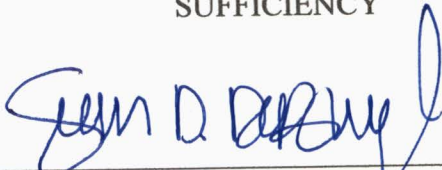

President, Board of Directors

ATTEST:

District Clerk & ex-officio Secretary

OPUD Resolution 2272 Exhibit A

This exhibit is divided into three (3) sections. These sections are:

1. Fees for Backbone and In-Tract Infrastructure Plan Check and Inspection.
2. Fees for Residential Plan Review of Fire Suppression, Water and Wastewater Connections.
3. Deposits, General Development Related.

The Fees for Backbone and In-Tract Infrastructure Plan Check and Inspection relate to larger infrastructure projects where the builder/developer is installing anything from backbone infrastructure that may serve hundreds or thousands of homes to smaller mains and appurtenances located in residential streets. These fees will be calculated by the Director of Public Works upon initial review of the application. The calculated fees will then be collected before any plan check or inspection takes place. **These fees are non-refundable.**

The Fees for Residential Plan Review of Fire Suppression, Water and Wastewater Connections relate the inspection of the fire suppression connection to OPUD's potable water system, the water system connection (including water metering device) to OPUD's potable water system and the wastewater system connection to OPUD's wastewater system for single residential units. These are flat fees for all single family residential units. These flat fees will then be collected before any plan review or inspection takes place. **These fees are non-refundable.**

The Deposits, General Development Related are general development costs including the District's costs directly associated with developers' projects. Examples of costs include, but are not limited to the cost of processing park development agreements, annexations, fee credit and reimbursement agreements, legal reviews and consultations, advanced funding agreements, reviews and revisions to master planning documents and capacity fee programs, and other miscellaneous expenses not covered by sections 1 and 2 above. Payment for these types of expenses will be collected prior to the District incurring any liability for debt for said services and will be in the form of a deposit. OPUD will account for expenditures taken from the deposit and any portion of the deposit remaining after the completion of the project will be refunded. Conversely, any shortfall in the deposit will cause the District to suspend all activity on the developer's project until the deposit account is restored to a positive balance. The General Manager and/or Director of Public Works will determine the appropriate deposit amount. Any refund to the developer of unspent deposit funds will be subject to a review of expenses period to account for processing of charges and confirmation of accuracy. The refund of unspent deposit will NOT include accrued interest. Deposits, General Development Related are not transferable to successors and assigns. The District may charge an accounting/admin fee to the deposit to compensate for staff time and/or reconciling costs.
