## Agenda Item Staff Report

Meeting Date: 07/15/2021

### Item description/summary:

**Consider awarding contract to low bidder for the Meter Installation Project**

Last month, the board authorized staff to procure bids for the meter installation project. On July 7<sup>th</sup>, we received six bids. The lowest bid received was in the amount of \$838,000. Recall that the budgeted amount for this project was almost one third of that. I would therefore recommend that we reject all bids and allow staff to work with YWA and DWR on next steps to complete the project within budget.

### Fiscal Analysis:

The lowest bid is much higher than the awarded grant amount. The water budget cannot afford to make up the difference.

### Employee Feedback

### Sample Motion:

Reject all bids.

- The "All-Risk" insurance clause may be struck from the contract but the contractor will still be liable for any loss covered by that policy.
- This project has a project completion date of September 1, 2023. Due to this being a grant funded project, the contractor must work diligently to finish by this deadline. Liquidated damages will be negotiable.

# OPUD METER INSTALLATION PROJECT ADDENDUM 1

Prospective Bidders,

The following are some clarifications for the Meter Installation Project:

- Contractors are responsible for providing all materials for the project (Meters, Boxes, Meter setters, MXUs, etc.)
- You may assume that there will not be any sidewalk or asphalt work involved in digging up the services and installing the meter. You may also assume there will not be any obstructions. Contractor may have to install the meter inside customer's fenced yard on some occasions.
- The "All-Risk" insurance clause may be struck from the contract but the contractor will still be liable for any loss covered by that policy.
- This project has a project completion date of September 1, 2023. Due to this being a grant funded project, the contractor must work diligently to finish by this deadline. Liquidated damages will be negotiable.
- Detail 8-32 is attached.
- Addresses requiring meters are attached. The most current count shows 393 services. The bid spec has been updated to reflect this.
