

# Olivehurst Public Utility District

## Agenda Item Report

Meeting Date: October 20, 2022

### Item description/summary:

**Consider approving the request made by Plumas Lake Properties to put up an artificial light tree in Eufay Woods, Sr. Park.**

Plumas Lake Properties would like to install a temporary artificial Christmas Tree with lights at Eufay Woods, Sr. Park. The living tree that is normally used to hang Christmas lights on suffered some damage and severe dryness when the water pump went out at the park and all the trees had to be hand watered. The tree is making a comeback but will not be ready in time for lights to be added to it this year. They are wanting to add a 12ft pole that have lights which extend from the top of the pole outward and anchored into the ground. It will be installed next to the original tree near the electrical outlet and will be removed once Christmas is over.

### Fiscal Analysis:

None

### Employee Feedback

None

### Sample Motion:

Move to approve the request made by Plumas Lake Properties to add the artificial light tree to Eufay Woods, Sr. Park for Christmas lights.

Prepared by:

Bri Anne Ritchie, Board Clerk
