

Olivehurst Public Utility District

Agenda Item Staff Report

Meeting Date: July 19, 2019

Item description/summary:

Approve (by Resolution) the annual tax levy for OPUD CFD 2005-2. The recitals and the exhibits for OPUD Resolution No. 2346 effectively convey, among other things, the description, justification and fiscal analysis associated with the annual levy of Mello Roos taxes for CFD 2005-2. This Community Facilities District (CFD) was established to provide additional park maintenance funding due to the insufficiencies in park maintenance funding through County Service Area (CSA)-66.

Fiscal Analysis:

The fiscal analysis associated with the annual levy is contained in the Resolution, and further detailed in the *North Plumas Lake CFD 2005-2 Tax Report* from Economic and Planning Systems.

Employee Feedback

Sample Motion:

Move to approve OPUD Resolution No. 2346, and further authorize execution and submittal of all documents associated with Resolution No. 2346.

Prepared by:

Karin Helvey, Financial Manager

OLIVEHURST PUBLIC UTILITY DISTRICT

RESOLUTION NO. 2346

**A RESOLUTION OF THE BOARD OF DIRECTORS OF THE
OLIVEHURST PUBLIC UTILITY DISTRICT APPROVING THE
NORTH PLUMAS LAKE COMMUNITY FACILITIES DISTRICT
NO. 2005-2 TAX REPORT FOR FISCAL
YEAR 2019-20 AND LEVYING AND APPORTIONING THE
SPECIAL TAX FOR FISCAL YEAR 2019-20 AS PROVIDED THEREIN**

WHEREREAS, the Board of Directors (the "Board") of the Olivehurst Public Utility District (the "District") has previously established the North Plumas Lake Community Facilities District No. 2005-2 (Park Maintenance) (the "CFD No. 2005-2") pursuant to Resolution No. 2101 (the "Resolution"), duly adopted by the Board on September 15, 2005, for the purpose of providing for the financing of certain Facilities in and for the District; and

WHEREAS, on September 15, 2005, the qualified electors of the CFD No. 2005-2 approved the levy of a special tax; and

WHEREAS, the North Plumas Lake Community Facilities District No. 2005-2 Tax Report Fiscal Year 2019-20 (the "2019-20 Tax Report") has been submitted to the Board and the Board has determined to approve the 2019-20 Tax Report, and

WHEREAS, pursuant to Section 53340 of the Government Code of the State of California, the Board is authorized to levy the special tax at the rates specified in the 2019-20 Tax Report, subject to final verification of the taxable parcel data, provided that a certified copy of this Resolution and a list of all parcels subject to the special tax with the 2019-20 Tax Report to be levied on each parcel is filed with the Yuba County Auditor on or before *August 12, 2019*.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS
OF THE OLIVEHURST PUBLIC UTILITY DISTRICT, AS FOLLOWS:

Section 1. The 2019-20 Tax Report, in the form submitted to this meeting and on file with the Board is hereby approved and adopted. The General Manager of the District, or his designees, are hereby authorized to make changes to the 2019-20 Tax Report before it is filed with the Yuba County Auditor as provided in Section 3 and to make changes in response to appeals from taxpayers in order to correct errors in the application of the special tax to particular parcels.

Section 2. Pursuant to Section 53340 of the Government Code of the State of California, a special tax is hereby levied at the rates specified in the 2019-20 Tax Report, as adjusted based upon the final verification of the taxable parcel data, and is hereby apportioned in the manner specified in the Resolution (and as more particularly described in the 2019-20 Tax Report).

Section 3. The Clerk of the District shall deliver a certified copy of this resolution together with a list of all parcels subject to the special tax levy with the 2019-20 Tax Report to the Yuba County Auditor not later than *August 12, 2019*

Section 4. The Clerk of this Board of Directors is hereby directed to enter this resolution on the minutes of this Board of Directors, which shall constitute the official action of this Board of Directors.

PASSED AND ADOPTED this 18th day of July, 2019.

OLIVEHURST PUBLIC UTILITY DISTRICT

President, Board of Directors

ATTEST:

District Clerk & ex-officio Secretary

APPROVED AS TO FORM AND LEGAL
SUFFICIENCY

_____, Legal Counsel

1. INTRODUCTION

Background

The Olivehurst Public Utility District (District) initially formed a Mello-Roos Community Facilities District (CFD) to fund park maintenance in the Wheeler Ranch development in 2005. The North Plumas Lake CFD No. 2005-2 was formed by the District Board of Directors on September 15, 2005.

The District recognized that the portion of the assessment levied and collected by Yuba County (County) for County Service Area (CSA) 66 and designated for park maintenance was not sufficient to fully fund the cost of maintaining parks in Wheeler Ranch. The CFD was formed to provide additional funding to maintain parks in the event the CSA would not provide sufficient funding of park maintenance costs.

The District recognized that other new developments within its boundaries of the CSA would also face similar funding shortfalls, and, as such, required the annexation of certain new development projects into the CFD. The following development projects have been annexed to the CFD as separate "zones of benefit" (Zones):

- Wheeler Ranch
- Draper Ranch North
- Thoroughbred Acres
- Cobblestone Phase 2
- Rio Del Oro Village 16
- River Oaks East

The Wheeler Ranch Zone was originally levied a special tax under the CFD to date, as it is the only Zone currently benefitting from District parks. The most recent annexation, River Oaks East, currently benefits from developed parks of the District. There are park maintenance funding shortfalls for these Zones under the CSA, so this levy under the CFD is being proposed to fund costs of park maintenance shortfalls for FY 2019-20.

This report serves as the annual report for the purposes of levying the CFD special tax for FY 2019-20.

The Projects and CFD

The Wheeler Ranch Zone has an approved tentative map that would create 1,140 single-family residential units. Final maps have been recorded for Phase I of Wheeler Ranch creating 665 single family residential lots.

The Cobblestone Phase 2 Zones has a final map which has created 159 single family residential lots. The Village 16 Zone has a final map which has created 155 single family residential lots.

River Oaks East has a final map for 94 single family residential lots. These lots will become taxable under the CFD taxable under the CFD for FY 2019-20.

The CFD is authorized to levy a special tax up to the maximum annual special tax to fund the costs of maintaining parks located in the CFD. This report will discuss the funding requirements for park maintenance in the CFD and then show the calculation of the required special tax levy for FY 2019-20

Organization of this Report

This report serves as the Annual Tax Report required by the Mello-Roos Act. This report discusses parcels included in the CFD, the calculation of annual costs, and the allocation of the special tax to parcels. **Chapter 1** provides an introduction to the report. **Chapter 2** discusses CFD land uses. **Chapter 3** discusses annual CFD costs. **Chapter 4** discusses park maintenance revenues, the maximum annual special tax, and the special tax levy.

There is one exhibit attached to the report. **Exhibit A** contains the list of all CFD parcels and the proposed amount of special tax levy for FY 2019-20.

2. CFD LAND USES

CFD Land Uses

The area included within the boundaries of the CFD consists of the following development projects:

- Wheeler Ranch
- Draper Ranch North
- Thoroughbred Acres
- Cobblestone Phase 2
- Rio Del Oro Village 16
- River Oaks East

There are a total of 1,073 developed parcels in Wheeler Ranch, Cobblestone Phase 2, Village 16, and River Oaks East. Only developed parcels in these Zones will be taxed in the CFD

Table 1 shows the four Zones that will be subject to the special tax levy in FY 2019-20.

New Taxable Parcels for FY 2019-20

A final map has been approved for River Oaks East Phase 2 for FY 2019-20 and will become subject to the special tax levy.

Subdivisions Creating New Taxable Parcels for FY 2019-20

A final map has been approved for River Oaks East Phase 2 for FY 2019-20 and will become subject to the special tax levy.

3. DETERMINATION OF ANNUAL CFD COSTS

Compute the Annual Costs of the CFD

The total annual costs for the CFD spread over the Zones are the total dollar amount of expenditure items that must be funded in FY 2019–20. The total annual costs for FY 2019–20 are \$60,075, as shown in **Table 2**. The annual costs for the CFD for FY 2018-19 were \$57,525.

Annual costs consist of the following items:

1. Park maintenance costs;
2. Administrative expenses; and
3. LESS estimated revenues from CSA 66 assessment for park maintenance.

Park Maintenance Costs

Total estimated park maintenance costs for the three Zones for FY 2019–20 are \$259,086.24. Estimated park maintenance costs consist of those services that were authorized in the formation documents for the CFD. Typical costs of the CFD are the salaries and benefits of employees performing park maintenance function; costs for any contracts for services related to the maintenance of parks; purchase, maintenance, and replacement of equipment required to maintain parks; and utility costs.

Administrative Expenses

The District may levy special taxes to cover administrative expenses associated with the costs of administering the CFD. Administrative costs consist of, but are not limited to, District staff costs, tax administrator costs, legal fees, and County special tax collection fees. Total administrative expenses of the CFD are estimated to be \$6,000 for FY 2019–20.

Less CSA 66 Revenues

The CFD was formed to provide additional funding for park maintenance where CSA 66 does not provide sufficient funding for proper maintenance of park facilities. It is estimated that CSA 66 will generate \$193,011.24 in revenue for park maintenance. This will be discussed further in the next chapter.

Total Estimated Annual CFD Costs for FY 2019–20

Total estimated annual CFD costs for FY are total park maintenance costs, plus administrative costs, *LESS* estimated CSA 66 revenue. The net amount for CFD annual costs for FY 2019–20 is \$60,075. This is the amount that must be levied under the CFD to provide supplemental revenue to fully fund the costs of park maintenance.

Sources: Olivehurst Public Utility District and EPS.

"costs"

[1] This is the estimated CSA 66 revenue from **Table 3**.

[2] The Special Tax Formula stipulates that the annual special tax levy for the CFD is determined by estimating total maintenance costs, then subtracting estimated revenue to be generated by CSA 66 for the zone. The net result is the amount of annual CFD costs that must be funded through the levy of the special tax under the CFD.

[3] From **Table 6**.

4. PARK MAINTENANCE REVENUES, MAXIMUM ANNUAL SPECIAL TAX, AND SPECIAL TAX LEVY

This chapter will discuss the estimated CSA 66 assessment for park maintenance for FY 2019-20, the maximum annual special tax of the CFD for FY 2019-20, and the calculation of the annual special tax levy for FY 2019-20 based on the CFD costs discussed in the previous chapter.

Estimated CSA 66 Revenue

The Engineer's Report for CSA 66 from February 3, 2004 established an assessment to fund the costs of providing services to developing areas in Plumas Lake. The assessment funded the cost of maintaining roads, landscaping, streetlights, parks, drainage, and soundwalls. The assessment also funded fire protection services. In the base year of 2004, the portion of the assessment that was allocated to park maintenance was \$126.67 per parcel. The Engineer's Report stipulated that the park assessment would be increased by the Consumer Price Index (CPI, San Francisco CPI, All Urban Consumers in each year thereafter.

Table 3 shows the FY 2018-19 assessment for park maintenance in CSA 66 of \$173.13. CPI has increased 3.9-percent in 2018. Applying this increase in CPI to the FY 2018-19 assessment of \$173.13 results in a \$179.88 per unit assessment for park maintenance for the FY 2019-20.

There are 1,065 developed parcels in CSA 66 in Wheeler Ranch. Therefore, the total estimated revenue from CSA 66 for park maintenance in FY 2019-20 is \$193,011.24 (see **Table 3**). This amount is used to reduce the amount required for park maintenance in **Table 2**.

Annual Escalation Factor for the Maximum Annual Special Tax

The Special Tax Formula instructs the administrator of the CFD to increase the maximum annual special tax by the greater of the three indices listed below.

- CPI, San Francisco CPI, All Urban Consumers
- CPI, San Francisco CPI, Urban Wage Earners
- CPI, Pacific West Cities CPI, Urban Wage Earners

The base year for the CFD was FY 2004-05. **Table 4** shows the annual CPI increase for the maximum annual special tax based on the above-referenced criteria.

Increase of the Maximum Annual Special Tax by the Tax Escalation Factor

The base year maximum annual special tax for the CFD was \$220 for a single family residential lot. Increasing the base maximum annual special tax by the tax escalation factors shown in

"cpi"

[1] The Special Tax Formula states that the maximum annual special tax is increased annually by the greater increase in the three indices shown.

Source: State of California Division of Labor Statistics & Research.

Table 5 provides the maximum annual special taxes for each fiscal year from the base year. The maximum annual special tax for a developed parcel is \$321.78 for FY 2019-20. The combined levy of the CSA 66 assessment AND the CFD may not exceed this amount, as per the Special Tax Formula. If the County were not to collect the full authorized amount of park assessment under CSA 66 in any fiscal year, the District could increase the amount of the CFD special tax levy up to the maximum annual special tax calculated for that given fiscal year to fully fund park maintenance costs.

Compute the Special Tax Levy for FY 2019-20

The Special Tax Formula instructs the administrator to first determine the annual costs of the CFD. The estimated annual costs of the CFD (as shown in **Table 2**) are \$59,875. The amount of special tax that can be collected by levying the special tax up to the maximum rate will equal the amount of annual costs shown in **Table 2**. **Table 2** shows the maximum annual special tax revenue from the 1,073 developed parcels in the CFD is \$345,269.94. This amount comes from **Table 6**. The annual CFD costs will result in developed parcels in the Wheeler Ranch Zone to be levied at 23.31-percent of the maximum annual special tax, developed parcels in the Cobblestone Phase 2, Village 16, and River Oaks East Zones to be levied at 7.77-percent of the maximum annual special tax from developed parcels. Therefore, only developed parcels will be assigned the special tax levy, as the maximum special tax revenue from developed parcels is greater than the annual CFD costs. If the annual CFD costs were greater than the maximum special tax revenue from developed parcels the District could levy a special tax on undeveloped.

Applying the approximately 23.31-percent and 7.77-percent factor to the maximum annual special tax of \$321.78 generates a special tax levy requirement of \$75.00 for the Wheeler Ranch Zones and \$25 for the Cobblestone Phase 2, Village 16, and River Oaks East Zones (as shown in **Table 6**) per developed parcel for FY 2019-20.

Amount of Special Taxes to Be Levied in FY 2019-20

Exhibit A shows the amount of special tax to be levied for each taxable parcel in FY 2019-20. The amount to be levied on each developed parcel is equal to approximately 20-percent of the maximum annual special tax as calculated for FY 2019-20 that may be levied against a developed parcel.
