

Olivehurst Public Utility District

Agenda Item Staff Report

Meeting Date: April 15, 2021

Item description/summary:

South County Infrastructure Update. This item has been discussed in numerous Board meetings and committees. We are continuing on the design, CEQA and property entry/acquisition. We had a couple minor issues with agreed average dry weather and peak flow numbers from Wheatland but it appears that we have worked through the issues and are back on track. We still have a few properties that we need to gain access to that we are unable to establish contact of the owner or do not receive the signed permission to enter the property. We are trying to gain access by contacting the owners locally. We are working with the City of Wheatland on several agreements needed for the project and with the Tribe and Hard Rock on agreements we need with them. Additionally we are working on agreements with the Tribe and Hard Rock on architectural features they may want for our water treatment plant on the site.

Fiscal Analysis:

N/A

Employee Feedback

None

Sample Motion:

No motion needed, information only.
