

Olivehurst Public Utility District

Agenda Item Staff Report

Meeting Date: May 19, 2022

Item description/summary:

South County Infrastructure Update. This item has been discussed in numerous Board meetings and committees. We are at 90% on the design. CEQA and property acquisition continue and CEQA is due to be completed early fall. We have finally gained access to all needed infrastructure sites needed to perform Geotech work. We are working on the remainder of the required agreements with Wheatland with the help of OPUD legal counsel as the agreements are quite complex. The team has changed the CEQA work to CEQA + so that we're eligible for SRF funding. We are meeting on a regular basis to discuss funding for the project. The State reached out to us regarding a grant program for wastewater regionalization and this project seems to be a good fit. The team is working with a consultant who specializes in these types of grants to make sure we have the best chance possible at receiving the grant. The Yuba water Agency is funding the consultant.

Fiscal Analysis:

N/A

Employee Feedback

None

Sample Motion:

No motion needed, information only.
